To our Valued Customers:

We are proud to present our newest dental lab products catalog. As dental technology is changing, so are we. We have many things for you in the pages ahead.

For over sixty years we have been supplying the dental world with teeth, and while the eight lines of teeth we offer are still our specialty, we have hundreds of other lab materials available from processing to packaging.

Finally, our greatest strength is our customer service. We strive to find solutions to your everyday demands by being available and flexible. Orders are processed and shipped without delay allowing you to efficiently fulfill your customers' needs.

Thank you for the confidence you have placed in us.

Best Regards,

Neil Uhler

Uhler Acrylic Teeth

Uhler Acrylic Teeth are some of the best economy denture teeth on the market. Uhler Acrylic Teeth have two aesthetic layers and are made with crosslinked polymers for greater strength and abrasion resistance. Available in Bioform® shades in American moulds as standard 1x6/8 cards, as well as 1x28 sets with anteriors and posteriors conveniently articulated on one card. We are excited to now offer Uhler Acrylic Teeth in Vita® shades in the standard 1x6 and 1x8 cards. Uhler Acrylic Teeth have been relied upon by our customers for over 60 years.

Unbreakable

- Extremely strong nylon thermoplastic.
- Guaranteed Unbreakable.
- Designed with exceptional physical memory to hold form.
- Repairable with reinjection.
- Stain & Odor Resistant.
- Hypoallergenic & monomer free.

iFlex

- Highly translucent polyolefin thermoplastic
- Virtually unbreakable.
- Durable, lightweight and increased flexibility.
- Simple to finish & polish.
- Repairable with reinjection.
- Stain & Odor Resistant.
- Hypoallergenic & monomer free.

Karadent

- Semi-rigid microcrystalline polymer thermoplastic.
- Ideal for full dentures, semi-rigid partials, clasps, and nightguards.
- Clear shade finishes to near translucency.
- Repairable with reinjection.
- Stain & Odor Resistant.
- Hypoallergenic & monomer free.

Injection Equipment

Injection Equipment

tcs® Automatic Air Injection Press

Available in both a basic kit, or as a complete kit with everything needed to fabricate partials with this unit.

- Built-in furnace
- Self-purging system
- Produces up to 30 cases per day.
- Injects with the touch of a button
- Easy clean up and maintenance
- Compact table top design
- 1 year warranty
